BUILDERTREND
CONSTRUCTION SOFTWARE

How it works

Through an easy-to-use dashboard, you'll have an instant snapshot of your project's progress, ensuring you have all the information you need to stay informed and on track. See your weekly schedule, action items, messages, and all recent activity from your team, like progress photos and newly scheduled items. Leave spreadsheets, sticky notes, and voicemails in the past. Now you can have the peace of mind knowing that crucial communications will all be kept in one place so that nothing is missed.

A powerful online tool to streamline the building process and improve your experience

We're proud to offer our customers a better experience with Buildertrend, an online project management tool that will give you unparalleled access to your project through centralized communications. Now you can view and manage all components of your project from a single portal, including project planning, progress updates, selections, financial tracking, and more.

No additional cost for you

Buildertrend access comes with no additional cost to you–it's all part of the D&S Elite Construction, Inc.'s complete package.

Dashboard includes:

• Snapshot of
  project's progress

• Weekly schedule

• Action items

• Messages

• Recent activity
  from our team
